1. On 29 April 1963 Mr. Bross and I met with Bob Amory to give him a capsule presentation of our space problem and to acquaint him with our plans and desire to ask our Congressional committees for permission to use approximately \$200,000 of the funds left over from our headquarters building to plan for additional construction.

2. We explained to Mr. Amory that we would expect to have rather detailed plans for submission to the Bureau of the Budget later this year and to Congress as soon after 1 January 1964 as possible. Mr. Amory, on behalf of the Director of the Bureau of the Budget, approved of our making this request of the Congress.
